Dear Stan,

On behalf of Troop 229 of Tonawanda New York I would like to express our gratitude for the level of expertise that we encountered on April 19th, 2011. The entire staff, taking their lead from Brian A, were truly outstanding. From Brian L the educator and including Nick, Libby, Lauren and Marian brought to life the USS Constellation for the 17 scouts and 8 parents that relived the "War" experience. Brian exuded a level of competence that amazed the scouts and kept them riveted to his every word.

During our planning stag of this trip we spent several times talking about the cost added to our whole trip in order to take in the USS Constellation. I am so glad that we finally decided to keep that part of the trip in. I would like to say to any group wondering if the experience is worth it I need to say unequivocally yes. There is no doubt in my mind that our children walked away from that night knowing things that they never knew before.

I cannot thank you enough for that. Please take a moment and thank all those that aided in this great event.

My hat comes off to Brian A. May I say you did an outstanding job. Thank you so much for the level of professionalism that you put forth in your tour of the ship.

Should any of you come to Niagara Falls, give us a call we would love to show you our Natural Wonder.

With sincere gratitude

David Stitt
